

EASE, already 2 years

EASE is short for Emotionally intelligent Approach to teaching Speaking in a forEign language. The EASE project has the objective to improve the effectiveness of foreign language teaching to adults by learning through an emotional intelligence approach.

Over the past 2 years, Solution (France), The Rural Hub (Ireland), Globalnet (Poland), Eurospeak (Ireland), INDEPCIE (Spain) and Asociatia Bridge Language Study House (Romania) created innovative educational resources both for language teachers and for adults wanting to learn English, French, Romanian, Polish, Spanish or German.

Lastest news and events

During the second year of the project, the partners finalized all the resources of EASE and tested them with language teachers and adult learners.

Three partners' project meetings were organized in 2023: one in Poznan in April, another in Cluj Napoca in June and the final meeting in November in Cordoba to discuss the last steps of the project.

Partners' efforts during this second year focused on the finalisation of the learning resources for language teachers and adult learners. This included the preparation of the learning contents and the **tests of the resources in Poland, France, Ireland, Romania and Spain**. Overall, partners received very positive feedback about the usefulness of the training programme for educators and also about the language learning platform. These tests also helped the partnership to correct errors

on the online platform, which was improved and finalised by the technical team of The Rural Hub.

To promote EASE learning resources, Multiplier Events took place in all the partners' countries, allowing to reach about 30 participants in each country, including language teachers, stakeholders active in the field of adult education, learners and members of learning centres.

Learning resources

All the learning resources are now available on **EASE project** website: <https://ease-project.eu/>. In particular, the **Booklet on Incorporating Emotional Intelligence into Foreign Language Teaching** and the **Blended face-to-face and online Continuing Professional Development (CPD) sessions for language teachers on using EI approach** can be consulted for free by teachers and educators on the project website.

All contents are available in each of the partner languages: English, French, Spanish, Romanian, German and Polish.

EASE Self-directed Learning Platform is also ready to be used by adult learners wishing to learn one of the partnership's language: <https://easeplatform.eu/>

Please have a look at these resources if you would like to learn more about Emotional Intelligence in language teaching or if you would like to learn Spanish, German, Polish, French, English or Romanian!

Welcome to the EASE Self-Directed Learning Platform
